

Tracklab COVID Protocols

Stadium Entry:

Everyone must provide proof of COVID vaccination, or a negative COVID test within 72 hours of the meet, depending on local and state COVID cases and regulatory guidelines in effect at the time of the meet.

Once inside the stadium, a mask is recommended when physical distancing is difficult.

Hydration:

Athletes must bring their own water, as water will not be provided by Tracklab in a common area.

Track Events:

No coaches or parents are permitted in clerking unless escorting 10U athletes.

Athletes may remove their masks (and secure it to their persons) during warm-up and competition.

Athletes must bring their own starting blocks, or may use host-provided blocks at their own risk. Sanitizing wipes will be provided.

Field Events:

When called, athletes must report directly to the venue for *that* field event. Athletes may remove masks (and secure it to their persons) during warm-up and competition.

Athletes must bring their own implements, or may use host-provided implements at their own risk. Sanitizing wipes will be provided.
